

We are currently looking to fill the following position in Friedrichshafen:

## Senior Java Software Engineer (m/f/d)

### Responsibilities:

- Work as a member with significant influence in one of our agile Scrum teams to develop, enhance and maintain Indra Avitech product solutions for the aviation industry.
- Participate in the full development lifecycle from inception through testing, implementation and support while using the Scaled Agile Framework (SAFe) methodology
- Create API interfaces and business services for Aeronautical Application parts
- Provide guidance to Junior Developers, e.g. preparing development tasks/tickets, conducting code reviews and do pair programming
- Develop enterprise-quality, horizontally scalable code using best practices, quickly and according to specifications.

### Requirements:

- Minimum 5 years' experience as a self-motivated Engineer with using Kafka, Java, Spring/Quarkus and related technologies
- Very good analytical skills
- Extensive experience with Microservices, Event-Sourcing, open-source data solutions and cloud native applications
- Subject matter expertise in infrastructure / hardware / software / database / middleware stack
- Engineering experience in Kafka/Confluent and knowledge of Kafka APIs
- Relevant Knowledge of best practices related to security, performance, and disaster recovery

### We offer:

- Flexible Hours and mobile working
- Personalized career advancement, training and development
- Work in intercultural Teams
- Possibility to lease a bike - Jobrad
- Employment in the Lake Constance "Four-country-region" (Germany, Switzerland, Austria, Liechtenstein) with countless leisure and recreation possibilities

**Indra Avitech GmbH** is one of the leading international developers of IT systems for the aviation industry. Our comprehensive expertise ranges from single components to complete solutions, and our products are used by civil and military air navigation service providers, government agencies, civil aviation authorities and airlines in more than 55 countries around the world.
