

We are currently looking to fill the following position in Friedrichshafen: **Java Full Stack Developer (m/f/d)**

Responsibilities:

- Work as a member in one of our Scrum teams; develop, enhance and maintain Indra Avitech product solutions for the aviation industry.
- Participate in the full development life cycle from inception through testing, implementation, and support using the Agile/Scrum development framework.
- Takeover responsibility of present software components that are in operational use
- Develop enterprise-quality, horizontally scalable code using best practices, quickly and according to specifications.
- Conduct code reviews for the software that this developed by other developers.
- Collaborate daily with other team members across the full software development lifecycle.

Qualifications:

- 3 or more years of Java development experience, including distributed environments
- Experience in working on projects that involve all phases of the SDLC – from inception to completion, including experience working in an Agile/Scrum framework.
- Excellent verbal, written, relationship building communications skills in English and also preferable in German; must be able to clearly communicate across a cross functional team – with developers, project managers, and analysts.
- Strong analytical, planning and problem-solving skills with excellent attention to detail.
- Ability to work independently in a team environment with minimal supervision in a fast paced, dynamic environment.
- Hands-on experience in using SQL (Oracle) and NoSQL databases
- Coding experience in developing Microservices with or without cloud using Quarkus or Spring Boot is a plus

Education:

- Bachelor's/University degree or equivalent experience

We offer:

- Flexible working hours and mobile working
- Personalized career advancement, training and development
- Work in intercultural Teams
- Possibility to lease a bike - Jobrad
- Employment in the Lake Constance "Four-country-region" (Germany, Switzerland, Austria, Liechtenstein) with countless leisure and recreation possibilities

Indra Avitech GmbH is one of the leading international developers of IT systems for the aviation industry.
