

We are currently looking to fill the following position in Friedrichshafen:

Team Lead Testing (m/f/d)

Responsibilities:

- Team leadership – lead, mentor and motivate a team of software testers
- Define the test strategy and their implementation for the development of software in the aviation industry, i. e. planning, coordination, and monitoring of the test activities
- Work on the continuous improvement of the testing process
- Have an overview of the current testing status and provide regular updates to the management
- Ensure that the product can be delivered on time in a high quality
- Act as an interface between test engineers, scrum masters and management

Requirements:

- Completed studies or apprenticeship in a technical field
- Several years of knowledge and experience in test management, especially in test processes and the implementation of test strategies for web-based applications using up-to-date test tools
- Experience in leading a team and working in international software development teams
- Abilities in setting up and configuring automated test tools
- Structured, analytical and goal-oriented way of thinking
- Very good communication skills in English
- German language skills are desirable

We offer:

- Flexitime without core working time
- 30 days holiday
- Good work-life balance due to mobile working
- Individual support with regular further training programmes
- Working in international teams
- Possibility to use Jobrad, Wellpass, corporate benefits
- Workplace in the four-country region on Lake Constance with attractive leisure opportunities
