

We are currently looking to fill the following position in Friedrichshafen: **Senior Web Developer (m/f/d)**

Your duties:

- Conception of web applications with responsibility for an appealing appearance (UI/UX) of our aeronautical information services applications
- Development of front-end components for the web based AIS/AIM platform in TypeScript, React and Redux
- Programming interfaces between front and back end (Open API)

The requirements:

- Practical experience in the design and development of intuitive UI/UX as well as in-depth know-how in their implementation with TypeScript, React and Redux (Webpack, Yarn, Redux Saga and React Material UI)
- Knowledge of common web and application standards (REST, Open API, OAuth 2.0 and OpenID Connect etc.)
- Safe handling of the Atlassian Suite (JIRA, Confluence)
- First experience in agile software development and test-driven development
- Another advantage: Knowledge in the aeronautical area (Aeronautical Information Service)
- Enjoy new technologies and complex digital processes
- Independent and solution-oriented way of working
- Sense of responsibility, communication skills, team spirit and a passion for software development
- Very good spoken and written German and English skills

We offer:

- Flexible Hours
- Personalized career advancement, training and development
- Work in intercultural Teams
- Possibility to lease a bike - Jobrad
- Employment in the Lake Constance „Four-country-region“ (Germany, Switzerland, Austria, Liechtenstein) with countless leisure and recreation possibilities
